

Flow of Application

1. Team members will get notified to search and select restaurant.

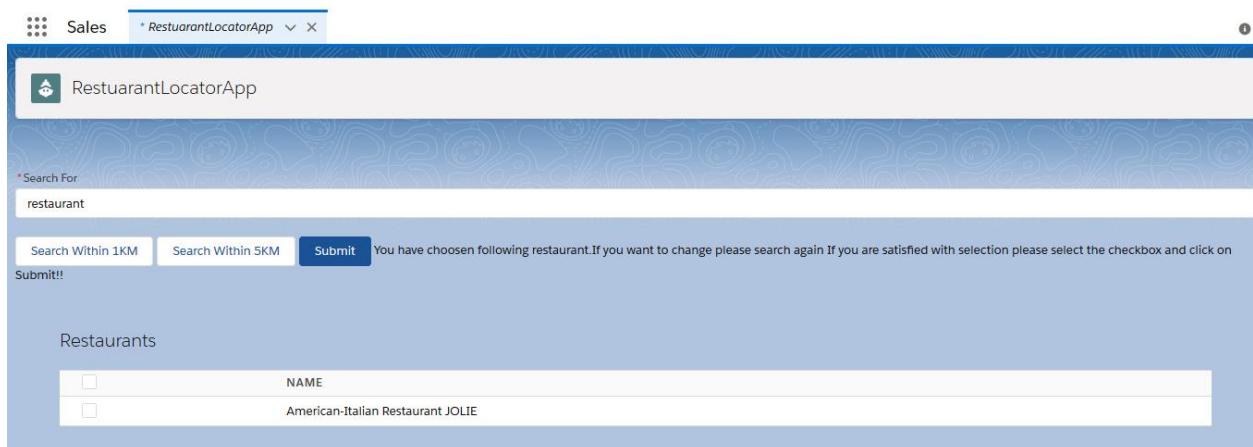

Team Member: Komal Patni

Team Lead: Sumeet Patni

Current logged in user/Team Member -> Komal Patni

2. Team member will search for restaurant from "Restaurant Locator App page".
 - a. If search is within 1km it will randomly show one restaurant to team member. Team member can select it or can search for another restaurant.

- b. If search is within 5km, it will display list of restaurants, member will select one restaurant and submit it.

The screenshot shows a web application titled "RestuarantLocatorApp" (note the typo). The search bar contains "restaurant". Below the search bar are three buttons: "Search Within 1KM", "Search Within 5KM", and "Submit". The "Submit" button is highlighted. A "Successful!" dialog box with an "OK" button is displayed over the search results. Below the dialog, a table titled "Restaurants" lists several options with checkboxes for selection.

| <input type="checkbox"/> | NAME |
|-------------------------------------|---|
| <input checked="" type="checkbox"/> | & Style Restaurant |
| <input type="checkbox"/> | Daikanyama Restaurant Chez Lui (代官山レストランシェ・リュイ) |
| <input type="checkbox"/> | Indian Restaurant Avatar (インド料理 アヴァタール) |
| <input type="checkbox"/> | TOKYO FAMILY RESTAURANT |
| <input type="checkbox"/> | Charcoal Restaurant KABTO (炭) |
| <input type="checkbox"/> | American-Italian Restaurant JOLIE |

As soon as team member submits her selection restaurant record gets created in salesforce.

The screenshot shows the Salesforce interface for a list view titled "Restaurants". It includes a filter dropdown set to "All", a sort icon, and a status bar indicating "7 items", sorted by "Restaurant Name", filtered by "all restaurants", and updated "a few seconds ago". The table below lists 7 restaurant entries, each with a checkbox and a link to the record.

| | <input type="checkbox"/> | RESTAURANT NAME ↑ |
|---|--------------------------|---|
| 1 | <input type="checkbox"/> | & Style Restaurant |
| 2 | <input type="checkbox"/> | cafe restaurant AMADINE |
| 3 | <input type="checkbox"/> | HEART HOTEL |
| 4 | <input type="checkbox"/> | Indian Restaurant Avatar (インド料理 アヴァタール) |
| 5 | <input type="checkbox"/> | Indian Restaurant Avatar (インド料理 アヴァタール) |
| 6 | <input type="checkbox"/> | szechwan restaurant 陳 |
| 7 | <input type="checkbox"/> | TOKYO FAMILY RESTAURANT |

Likewise all team members will log in and select restaurant for lunch.

Current logged in user/Team Lead -> Sumeet Patni

- a. Team lead will be able to see all the restaurants selected by his team members on daily basis.

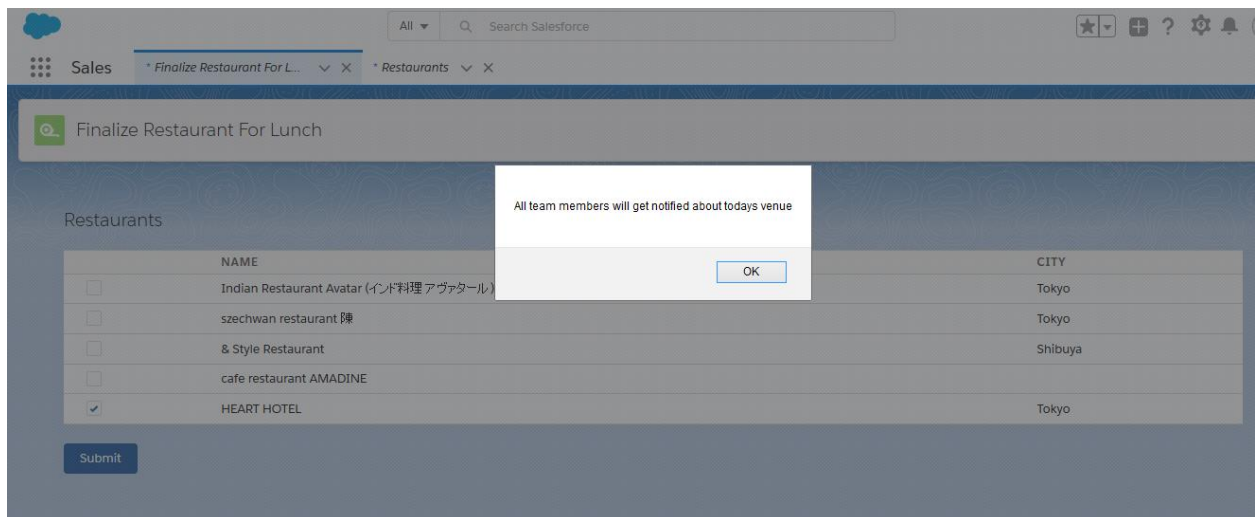

The screenshot shows a web application interface for finalizing a restaurant for lunch. At the top, there's a navigation bar with 'Sales' and a tab titled '* Finalize Restaurant For L...'. Below this is a header section with a magnifying glass icon and the text 'Finalize Restaurant For Lunch'. The main content area is titled 'Restaurants' and contains a table with the following data:

| | NAME | CITY |
|-------------------------------------|---|---------|
| <input type="checkbox"/> | Indian Restaurant Avatar (インド料理 アバターール) | Tokyo |
| <input checked="" type="checkbox"/> | szechwan restaurant 陳 | Tokyo |
| <input type="checkbox"/> | & Style Restaurant | Shibuya |
| <input type="checkbox"/> | cafe restaurant AMADINE | |
| <input type="checkbox"/> | HEART HOTEL | Tokyo |

Below the table is a blue 'Submit' button.

- b. Lead will finalize one restaurant. (Here “Heart Hotel” had been finalized by team lead)

This screenshot shows the same 'Finalize Restaurant For Lunch' form, but with a confirmation dialog box overlaid on top of the restaurant table. The dialog box contains the text 'All team members will get notified about todays venue' and an 'OK' button. In the background, the 'HEART HOTEL' row in the table is now selected with a checked checkbox.

Lead can only see restaurants selected by his team members:

| | RESTAURANT NAME ↑ | CREATED BY |
|---|---|-------------|
| 1 | & Style Restaurant | Komal Patni |
| 2 | cafe restaurant AMADINE | Komal Patni |
| 3 | HEART HOTEL | Komal Patni |
| 4 | Indian Restaurant Avatar (インド料理 アヴァタール) | Komal Patni |
| 5 | Indian Restaurant Avatar (インド料理 アヴァタール) | Komal Patni |
| 6 | szechwan restaurant 陳 | Komal Patni |

- c. An email notification will be sent to respective team members about venue confirmation.
